Luigi's Flexbox

14 JULY 2015 on [HTML \(/tag/html/\)](#), [CSS \(/tag/css/\)](#), [Static Websites \(/tag/static-websites/\)](#),
[Exercise \(/tag/exercise/\)](#), [Level 2 \(/tag/level-2/\)](#), [Flexbox \(/tag/flexbox/\)](#)

Warm up

Using Flexbox create a webpage that looks like this:

LUIGI

ABOUT ME

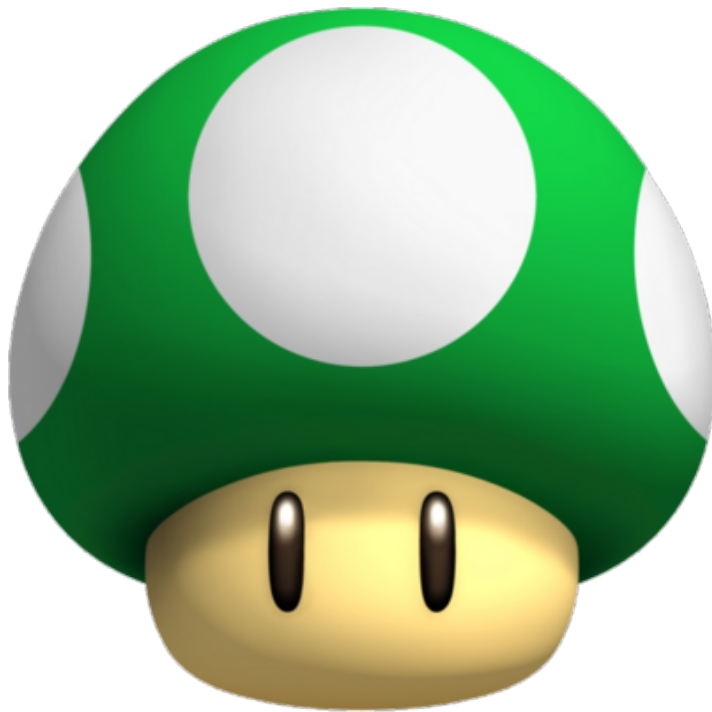

**My name is Luigi. I'm a
second rate kind of hero
no one takes me seriously
but that is ok i guess**

Notes

- It should be responsive, meaning when you shrink down to small screens it should look *great*.
- The font and images are provided below:

Font: Mario 256 (<https://drive.google.com/file/d/0B1W-Cqj7mYAiLXhQMGpsamtTZ00/view?usp=sharing>)
